Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Saturday 03 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Another dry night, with frost for many. Feeling cold.

This Evening and Tonight:
Remaining dry this evening and overnight with clear skies, feeling cold. Frost forming for many overnight, in addition to some fog patches developing in the early hours, primarily in rural areas. Light winds. Minimum temperature -2 deg C (28 deg F).

Sunday:
A frosty start for most, but warming through the morning, with sunshine through the day. Remaining dry overnight, with rain approaching towards dawn, followed by showers for some, possibly wintry. Maximum temperature 15 deg C (59 deg F).

Outlook for Monday to Wednesday:
Cold, wintry, and windy through this period, with widespread frosts. Snow and sleet showers Monday, and again Tuesday though more frequent, before conditions ease for most on Wednesday.
